STAT

SUBJECT: FY-1985 R&D Planning Cycle

1. The FY-1984 R&D Planning Cycle has been completed and the RD&E included within the FY-1984 program addresses the leading priorities of all customers. In order to implement a successful FY-1985 program, we must begin the R&D Planning Cycle now by asking that you reevaluate your requirements and priorities with appropriate updates/deletions or new requirements.

2. The schedule for FY-1985 (attached) reflects the later submission dates associated with CPB. Also attached is a current list of contacts for Directorate customers, DDS&T R&D Offices and the O/DDS&T Planning Division.

3. The first scheduled date is 24 September 1982 for submission of prioritized customer requirements. At any time during this Planning Cycle please call me or members of my staff if we can be of assistance.
